Subject Fw: Call to Regional Office (Sulfuric Acid Spill Reporting)

t

Darleen,

After talking to the Water Program in Jefferson City, we were referred to NERO. Bill and I both talked to Jamie Shinn at NERO (ph: 660-385-8070) who is in the Water Program. What he recommended we do by way of filing a written report is detailed in Bill's E-mail below.

Curt Gardner, P.E.
Team Member, EHS Central Hub
BASF Corporation
3150 Highway JJ
Palmyra, MO. 63461-2611
Ph: 573-769-8684
Fax: 573-769-5609

Subject
Call to Regional Office

Curt, I spoke with Jamie Shinn at the Macon Regional office. They would like a report for the files with the following:

Description (include call to MDNR Emergency Response & NRC)
Cause of Release
What Happened
Actions Taken
Samples Taken & Results

This should go to Irene Crawford who is the regional administrator for NERO with a Re: Phone conversation between Jamie Shinn & Bill Henry.

You can tell Darlene Groner that this is what you're filing with NERO.

Bill
